

MINUTES, 19 JAN 12, SARA CLUB

SARA CLUB met at Swainsboro, Emanuel County Hospital for Skywarn presentation by Berry Gooden of Atlanta National Weather Service. By lecture and slide/video presentation we were acquainted/reaquainted with cloud formations, radar indicators of thunderstorms and tornadoes. Storm spotter certification can be obtained by going to:

www.srh.rveaa.gov/images/ffc/pdf/spotter_cert_web.pdf

We had 18 members present and one hospital employee potential member attending.

No business was conducted. However, executive committee will meet tomorrow morning at Rumors in Twin City to inspect Hamfest site and set date for September planned Hamfest in Swainsboro.

Nice to see such a large turnout for this important Skywarn class.
